Khuzwayo gets life sentence

eMBALENHLE - A 24-year-old man has been given a life sentence after he had murdered Ms Nomakhwishi Sibanyoni (45) in her home.
Bennett Khuzwayo was sentenced in the Johannesburg High Court on Wednesday, 16 September.
Khuzwayo was arrested a week after he had broken into Ms Sibanyoni's house in June last year.
Ms Sibanyoni was returning home

from work when she found Khuzwayo inside the house.
Khuzwayo was in the house with the intention to steal.
Realising he was caught, he strangled Ms Sibanyoni to death with an electric cord.
His co-accused, Mr Mfanimpela Mathebula (26), was later acquitted by the court.
Khuzwayo was sentenced to life im-

prisonment for housebreaking during which a firearm, ammunition and other home appliances were stolen, attempted theft of a vehicle, possession of an unlicensed firearm and ammunition and the murder of Ms Sibanyoni. He committed the various crimes on various days in different places. The eMbalenhle Police applauded Lt Sakhile Mlotshwa for his dedication and hard work in ensuring the heavy sentence for Khuzwayo.

Help police arrest suspects

BETHAL - Burglars recently broke into the Zarsa Boutique.
The police noticed that the display window of the shop was broken and it looked as though the suspects gained entry through it.
"I closed the store at 5.30pm and everything was in order," said Mr Sputnick van der Merwe, the owner.
When he arrived the next morning, he saw all of the stock on the floor.

"I discovered that my display window was broken and that they had stolen clothes worth R20 050."
The police urged residents to assist them with any information that can lead to the arrest of the criminals.
"The community must not buy things they suspect were stolen, because they are then also guilty of an offence and will be prosecuted," said Const Thomas Mogadime, communications officer.

Thieves gained entry through a broken window.

Man killed for a crate of empty bottles

eMBALENHLE - Accused of stealing crates with empty bottles, Mr Phumlani Khumalo was beaten and left to die in the street on Sunday, 27 September.
The 20-year-old was accused with two friends in Extension 25 of theft.
According to the police, Mr Khumalo was seen by unknown women who called his brother after the beating.
His brother summoned an ambulance and Mr Khumalo was declared dead. Three suspects were arrested on the same day and are expected to appear in the Evander Magistrate's Court soon.

* In a separate incident, a man believed to be in his mid 20s was hacked with a weed eater in Extension 15 on 27 September.
The police said the victim was visiting the area and went to buy beer when he was attacked.
"He tried to run for help into the next coal yard where people were having a party, but his attackers did not give up. "They followed him and hacked him several times with the weed eater.
"He tried to walk away, but collapsed in the street where he was declared dead," said Capt Magonseni Nkosi.

Man found dead

KINROSS - A man aged between 25 and 30 years was found lying in a pool of blood at 2nd Street, Kinross on Monday, 14 September.
He sustained multiple injuries to the face and it is suspected that he was beaten.
Sgt Matselane Nhlapo

from Kinross Police Station said the man was certified dead on the scene by paramedics.
A case of murder was opened and two suspects (25 and 33) were arrested.
They appeared in the Evander Magistrate's Court on Wednesday, 16 September.

Pedestrian dies after a hit and run accident

SECUNDA - The body of a pedestrian who was involved in a hit-and-run accident, has not yet been claimed.
The accident happened on 19 January on the R580 road near the Sasol garage between Secunda and Trichardt.
He was wearing an orange

or red Denim, a red, white and blue shirt and a navy T-shirt underneath. Anyone with information regarding the deceased or the vehicle that hit him, is requested to contact Const Khumalo at the Secunda Police Station at 017 6242020 or 017 624 2200.

Help Yolandi om haar oog te red

SECUNDA - Me. Yolandi Vorster (26) het 'n lewensbedreigende oogsiekte wat reeds die visie van haar regteroog geeis het en wat so spoedig as moontlik verwyder moet word. Sy het een oggend opgestaan en besef dat sy niks met haar regteroog kan sien nie. 'n Plaaslike oogkundige het haar na 'n oogarts in Pretoria verwys.

Haar oog het begin swel namate die gewas agter haar oog groter geword het en dit het haar gesig ook laat swel.

Me. Vorster se oogprobleem het op 8-jarige ouderdom begin.

Sy het in die verlede al 'n karkaatjie op haar oog gekry wat slegs chirurgies verwyder kon word.

'n Lens is agter haar oog ingesit en sy het 'n bril gedra.

Die oogarts het vir haar in haar matriekjaar gesê dat sy nie meer 'n bril nodig gehad het nie. Sy moes egter weer een begin dra nadat die gewas ontdek is. Dr. Gous van Pretoria wat die operasie sal doen, het reeds die koste tot die minimum beperk. Dokters weet nie watter soort gewas dit is nie en sal dit eers moet wegstuur vir toetse ná hulle dit verwyder het.

'n Bedrag van bykans R50 000 word nog benodig en Yolandi het nie 'n mediese fonds nie. Voorgeskrewe medisyne het nie gehelp nie, hoewel sy later gespesifiseerde medikasie begin gebruik het wat help om die hoofpyne te onderdruk.

Die suksessyfer van die operasie wat sy binnekort sal moet ondergaan, is 50/50.

Me. Vorster is steeds positief oor die operasie en voel dat daar mense is wat erger dinge oorkom. Enige een wat 'n bydrae wil lewer of op enige ander manier dié saak kan ondersteun, kan De

Necker Oogkundiges skakel by 017 631 1982.

Die Secunda Tafelronde 231 en De Necker Oogkundiges bied op Saterdag, 3 Oktober 'n gholfdag by Walkerpark Gholffklub aan om geld vir Yolandi se operasie in te samel. Daar is groot pryse te wen en daar sal ook 'n gelukkige trekking wees.

Dit kos tussen R2 000 en R3 500 om 'n putjie te borg. Vir meer inligting oor die gholfdag of om 'n putjie te borg, skakel Walkerpark by 074 259 1788, Jeandré by 072 978 8525 of Ruan by 072 909 0988.

Secunda Tafelronde 231 en De Necker Oogkundiges gaan op Saterdag, 3 Oktober 'n gholfdag hou ten bate van Yolandi Voster. Voor is me. Thea St. Leger Denny, me. Yolandi Vorster en me. Rochelle Ferreira. Agter is mnr. Ruan Van der Merwe, mnr. Jeandré Van der Merwe (voorsitter: Secunda Tafelronde 231), mnr. Peter St. Leger Denny van Walkerpark Gholffklub en mnr. Pieter De Necker van De Necker Oogkundiges.

Me. Yolandi Vorster kan die afgelope twee jaar niks met haar regteroog sien nie.

Elderly take a stand

eMBALENHLE - Disgruntled elderly people are intending to march against high municipal rates. They say the rates are too high for pensioners. They visited the eMbalenhle Police Station to submit their march application, not knowing that it should have been submitted to the municipality. Speaking to the Ridge Times, they said they have compiled a list of a hundred senior citizens who are "victims of too high rates". "We only earn R1 400 and spend about R900 to R1 000 on service delivery. This excludes electricity." On top of that, we still have to buy food and support our grandchildren.

"This is unfair, Council must fix this," said Ms Anah Masilo.

They further say that

if the municipality owes Eskom money, they must not use the elderly to pay their debts.

They said they are no longer receiving their statements and to get these they have to pay.

Mr Bheki Kubheka, acting head of communication and marketing, said he was not sure about the incident and the allegation that the elderly are charged above their income. He said according to his knowledge, pensioners automatically fall in the indigent rate category.

"I am not sure because I do not have an exact case in front of me, however I think this might be money that was carried over over the years due to nonpayment. "We cannot deprive them from their right to march, however if they could submit the list they

have compiled, it can help identify their individual problems and we can come up with solutions.

"About the statements, we depend on the post office to deliver them and we all know that they have been having some problems. "We are working on a plan to find another way to deliver the statements."

Regarding the Eskom matter, Mr Kubheka said it is a separate issue and cannot be seen in the same light a service delivery issues. Mr Kubheka urged residents to faithfully pay their municipal accounts in the same manner as buying airtime before making any calls.

The elderly said they will continue with the march, because they are "sick and tired of the high rates".

Ms Anah Masilo, Ms Selinah Mabona, Ms Letah Sibanyoni and Ms Sophie Mahlangu say they cannot afford the high municipal rates.

Ms Emmelina Nkosi says her home is the only one in the street that does not have water and electricity.

Gogo's house in bad state

eMZHINI - Ms Emmelina Nkosi has lost hope that she will ever live a normal life. She has been living in Extension 7 for the past 27 years, but does not have water, electricity or a toilet. All her neighbours are receiving these services from the Govan Mbeki Municipality. "I really do not know why I am so misfortunate. "I get water from my neighbours and use candles and a coal stove. "I feel as though I am a burden to my neighbours, but there is nothing I can do." Ms Nkosi has reported the problem to the local councillors and to the municipi-

ality, but has not received any response. She said she is not educated and does not have anyone to stand up for her. "Do you think they can do this to educated people?" "Every house in this street has electricity and water, except mine." Ms Nkosi is living alone in her two room shack and her yard is filled with recyclable material. To get money, this old woman collects this material and sell it. "I cannot sit down and feel pity for myself, I have to work. "If I do not collect this, I will not have food on the table." Mr Bheki Kubheka, acting head of communication and marketing, said Council will investigate.

Dink voor jy geld gee

BETHAL - Waardevol vir Jesus Omgeegroep het geen verbintenis met Solidariteit Helpende Hand nie. Me. Sanette Henning, Bethal se voorsitter, het mense aangemoedig om eerder geld of skenkings aan instansies te maak wat bekend. Volgens haar is dit maklik om geld te gee, maar dit is nie noodwendig die regte ding om te doen nie. "Ons wil nie voorskrytelik wees nie, maar wil die publiek aanmoedig om denkend te gee." Solidariteit Helpende Hand se visie is die aanspreek van Afrikaan-erarmoede en hulle doen dit deur

verskeie projekte wat verligting, verbreking en voorkoming van armoede bring. Helpende Hand Mpumalanga slaag suksesvol daarin om 'n verskil in die gemeenskappe van Bethal, Secunda, Ermelo, Witbank en Middelburg te bring. Hierdie takke kan dit slegs volhoubaar doen deur die ondersteuning van die publiek. Indien mense betrokke wil raak op enige manier by die takke in Mpumalanga, kontak die streekorganiseerder, me. Alisha de Lange by alisha@helpendehand.co.za

Me. Sanette Henning en me. Alisha de Lange kan gekontak word indien daar mense is wat belangstel om by die organisasie te baat.

Raad word bedank

Graag deel ek hierdie met julle.
Ek het verlede Maandag 'n probleem met ons riool se wegvloei gehad wat aan die munisipaliteit se kant was.
Ek het dit vroeg gerapporteer met die gedagte dit gaan 'n tyd neem omdat Kinross mos altyd laaste is.
Groot was my verbasing

toe hulle verlede Maandag die probleem opgelos het en dit boonop telefonies opgevolg het. Ek is nie seker wat die persoon se naam is nie,
Ek was baie beïndruk met die diens en wil vir 'n slag 'n pluimpie gee vir Govan Mbeki Munisipaliteit.
Thea Potgieter

Businesses fed up

A business owner sent a letter regarding their concern about waste that were not collected.

Apparently the waist disposal truck would drive pass and not collect the rubbish. According to the business owner, even the clients started to complain about the stench.

The owner is also concerned that the image of the business is being downgraded because of this.

"Not only does it smell and look disgusting, but it is a health risk too. The rubbish is blowing everywhere and with this wind even into my shop."

The municipality has commented as follows:
The letter is not clear to which business it refers to.

The municipality will investigate the matter.

It must be emphasised again that it is the responsibility of the waste generator to ensure that waste is properly containerized in a closed container and stored

in a safe waste collection area, until it can be collected on the scheduled day of removal.

A container means a disposable or re-usable vessel in which waste is placed for the purposes of storing, accumulation, handling, transporting, treating or disposing and includes bins, bin liners and skips.

The municipality do not clean spilled waste as a result of poor containerization or storage by the waste generator.

The municipality only collects waste which is well managed.

Businesses are encouraged to minimize their waste by separation at the source for the purpose of recycling.

It will contribute to less waste disposed and indirectly reducing the impact of waste on our environment.

Bheki Kubheka, Senior Manager Office of the Municipal Manager and Acting Head of Communications and Marketing.

Dankie

IsiBhaca is the language of the Bhaca

Vanity, I call this vanity, disgrace and injustice ignorantly performed to the minorities.

I have said this before, but it has not been enough for a hearing, and I repeat... injustice has been and still is at its peak towards those who are outnumbered by the oppressors.

I guess there are only 11 official languages in the country and I fail to understand the nomination criteria of such selection.

The Khoisan are the first inhabitants of what we know as South Africa today,

Yet they have just been recognised by a few letters on the National Coat of Arms.

I wonder then whether this is not an insult to the South Africans and the Khoi themselves for just flecking an unofficial language on the national emblem.

On the other hand I must congratulate them for the smallest of recognition there is.

Unlike other tribes and ethnic group (like mine), which have contributed a lot to the South African history but have never been talked about in the media or any official publication.

AmaBhaca fought against Zulu and European oppression in yester-years, yet our forefathers' contributions seem to be in vain, like the blow of the wind.

I would therefore like to unofficially make an official announcement to the nation that isiBhaca is a language of a Bhaca nation that has been spoken for centuries.

I further announce that amaBhaca is a tribe, Africans, South Africans and inhabitants of the universe.

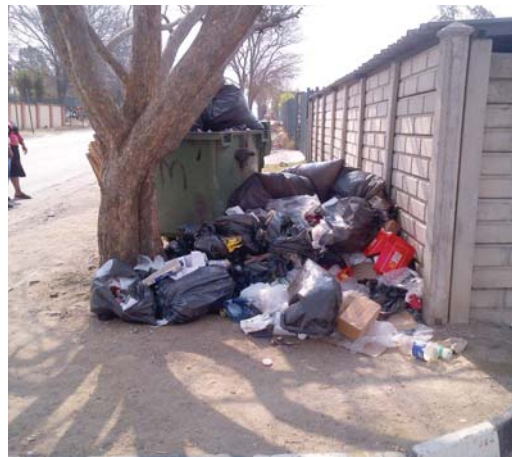

We are neither Zulus nor Xhosas, therefore I refuse to be collectively classified as one of them whenever people refer to amabhaca.

ngilbhaca lokutalwa (I am a Bhaca by birth) and I am proud of it.

I call on the government and all those in authority to help uphold the rights of the minority, while helping in liberating us from continuous oppression of our culture and heritage.

Otherwise we do not have anything to celebrate this heritage month.

Sbu Hlolweni (Mjoli), human rights activist.

The rubbish that has apparently not been collected for more than two weeks on the corner of Ruth First and Bekker street.

Shop owners feel that uncollected waste is a health risk. Their clients are also starting to complain.

eMBALENHLE - The community of Extension 17 has nominated a task team that will address various issues affecting pupils and the community.

This team was selected during a community meeting that was held at the Maphala Gulube Primary School recently.

Residents raised various concerns, such as crime in the area, evil spirits in schools, gangsterism, crime and other issues to the task team leading the meeting, including ward councillors, the Community Policing Forum, the police and the school management.

They told them that most of the crimes happening in the area are done by young people.

"We urge parents to strengthen their parental systems.

"Parents should be honest if they suspect that their children are involved in crime and they must not keep quiet or protect them, but should rather seek help for them or report them to the relevant authorities.

"Some parents are spoiling their children.

"If your child comes homes with items and you do not know where they come from, you must investigate," said Mr Muzi Maseko.

* Magebus was another issue.

Parents said MegaBus does not take pupils to school in time and fetch them very late after school.

Ms Lydia Mkhize, a resident, said this results in young pupils being exposed to dangers, because if the buses are late, they are forced to hitchhike.

"We all know that hitchhiking is dangerous, especially for children.

"We need to unite and confront Megabus about this."

* Ms T.F. Mokoena, principal of Maphala Gulube Primary School, urged parents to pray for their children, because "evil spirits are attacking them daily".

She said parents must warn their children to not play Charlie-Charlie, because it is demonic.

Ms Mokoena gave parents tips on how they can identify children who are attacked by evil spirits.

"These children are usually constant liars, are rebellious, uncontrollable and are misbehaving and have anger.

"Some parents, in an attempt to deal with this, beat them, but that will not work because this is a spiritual matter.

"Pray for them and encourage them to also pray."

The nominated task team will

form a committee with other task teams from other extensions and together they will come up with plans to deal with the challenges in the community and schools.

Mr Collen Nkosi, community leader and coordinator of the meeting, said they will visit schools to identify problems and the task team will then resume their duties.

* The Charlie-Charlie game is known as the pencil game or Charlie Pencil.

The game claims to summon up spirits - in particular a so-called Mexican demon - with the use of a grid drawn on paper, the words "yes" and "no" written into the grid's boxes, and a pencil balanced on top of another in the shape of a cross.

They then summon the demon, according to the game, and then have to ask "Charlie, Charlie, can we play?" The pencils should then start moving.

If they go to yes, the demon is ready and willing to answer your questions. It is alleged that in one of the local high schools, three pupils collapsed after playing the game. Pastors were called to pray for them and the pupils were banned from playing the game.

PROPHET JOSHOUA

THIS ONE DAY SPECIAL PRAYER FIXED MY MARRIAGE & FINANCIAL PROBLEMS!

6 Years ago my life was a mess. My wife left me and my children were always sick. Luckily I saw a testimony on the local TV station about prayers offered by Prophet Joshoua. When they prayed for a divorced man who united with his ex wife after nine years of divorce and she was also saved from drugs. I paid R200 for a consultation with Prophet Joshoua. They used a mirror and showed me the faces of the people who were trying to pull me down. I was given a special ring to fix my love / financial problems. Within 3 days my wife returned, now I am happily married. I was promoted at work. I recommend them to anyone who has marriage, financial problems & unfinished jobs. Do you want to win tenders, heartbroken & financially miserable?

Become a cup cake angel

SECUNDA - Parents are not informed about childhood cancer and schools should also do more to educate children about cancer.

Spread the cupcake love by getting your school or company involved and become a Cupcake Angel by hosting your own Party of Hope.

The funds raised go towards paying for medical treatment, travelling costs, school fees, birthday celebrations and other day-to-day expenses of little ones battling cancer.

September is International Childhood Cancer Awareness Month, so why not show your support and become a Cupcake Angel?

Cupcakes 4 Kids with Cancer, a non-profit company, raises awareness about the early warning signs of childhood cancer and helps to raise funds for children

who are fighting the illness.

Through their Cupcakes of Hope events, volunteers, sponsors and bakers share their love for baking for this great cause, thus making the events the sweetest way to help.

Ms Sandy Cipriano, the founder of Cupcakes 4 Kids with Cancer, said: "Our Cupcake Angels are baking a difference. We have been able to assist more than 350 children since inception."

Cupcakes 4 Kids with Cancer will be hosting South Africa's 4th National Cupcake Day on 26 September at 70 malls across the country.

Secunda Mall is one of these malls that will be hosting a cup cake day.

Ms Fatima De Ponte is helping with the Cupcakes 4 Kids with Cancer and will be at the Secunda Mall on 26 September

opposite Trappers.

This is their main fundraising event, so please go and show your support.

For only a R10 donation, you can receive a delicious cupcake made with love.

This charity has also donated to 15 different other charities, including CHOC, Cansa TLC and The Nelson Mandela Children's Hospital Trust.

This is a fun way to create awareness and to help raise funds for children with cancer.

Interested schools and businesses can register online to receive a free Angel Party Pack, which includes leaflets, badges and baking cups.

For more information, contact Michelle at admin@cupcakesofhope.org.

Also visit www.cupcakesofhope.org.

Cupcakes 4 Kids with Cancer will be at the Secunda Mall on 26 September.

Germany awaits Tayla

SECUNDA - Friend of South-Africa (FSA) has chosen Tayla Nicole Swart for a student exchange programme. She is one of three pupils from Mpumalanga who was selected to participate in the FSA Cultural Youth Student Exchange Programme between Germany and South Africa.

Tayla is a 15-year-old Grade 9 Hoërskool Secunda pupil and applied for the December to January four-week programme.

The first time that Tayla wanted to apply, a teacher told her she was too young and she had to wait until this year.

She was excited and decided not to let go of her dream.

"That was exactly what I did! I waited for a whole year to apply.

"I went to the same teacher in June and asked her for an application form."

Her parents motivated her and told her to accept this opportunity, because it is a once-in-a-lifetime experience.

"After emailing my application, I received an email a week later in which they told me that they were busy with their July programme.

"I thought it was their way of telling me that I was not accepted, but a few days later I reread the email and realised what they actually meant."

At the end of July, she received her first assignment and circular bundle.

The circular bundle gives more information about the exchange student programme.

"For the first assignment, I was asked to list all my sport, cultural, non-academic and leadership involvements of the past three years and I had to get it signed by a teacher and my assignment stamped by the school as proof.

After she submitted her first assignment, she received a second circular bundle which gave her more detailed information about the trip, mainly prepara-

ration for example how to read a German train ticket when switching trains and living with a German host family.

"Assignment two was a multiple choice questionnaire that tested my general knowledge about Germany and South Africa and it tested my personality."

In a third and final assignment, Tayla and her parents had to write individual letters to the future host family, thanking them for their hospitality and telling them more about herself.

"Bare in mind that at that stage, my future host family was still unknown to us and we did not even know if I was accepted or not, but the assignment stated that if I was accepted for the programme, these letters would be sent to my future host family.

"I also had to attach photos of myself, my parents, my family and a few of my school friends.

"I did that and that was the final phase."

She received an SMS from the FSA on 15 September telling her that the list of successful applicants would be notified the following day.

"I hardly slept that night because I was very nervous.

"I began losing hope, because I did not receive any emails or messages.

"My friends were very supportive and positive and I am very grateful."

Tayla later received an SMS from FSA, congratulating her on the fact that her application was successful and she was on her way to Germany.

When she read the SMS, she dropped her phone because she was shocked and excited at the same time.

Tayla is leaving for Germany on 16 December. Though she has received some financial support and sponsorship, there are still many costs.

If you can help her in any way, you can contact Ms Nicky Reid at 076 060 3090.

Help Kayla om haar droom te vervul

BETHAL - Kayla Jorge (13) is 'n finalis vir Little Miss World wat in Turkye plaasvind, maar 'n tekort aan geld het haar gekortwiek om nie vanjaar deel te neem nie.

Die organiseerders het egter besluit om haar nog 'n kans te gee om in 2016 deel te neem.

Die jong opkomende model het die hulp van die gemeenskap nodig om een van haar drome te vervul en sy benodig R120 000 om deel te neem.

Selfvertroue het gemaak dat sy 59 titels agter haar naam kan skryf. Kayla doen modelwerk sedert 8-jarige ouderdom en geniet dit baie. Sy is in 2014 uit 45 dogters as Miss Mini Teen South Africa gekroon.

Haar ouers wou haar aan die kompetisie onttrek omdat sy vir twee weke in die hospitaal was, maar Kayla het teen dit besluit.

Sy het al haar medikasie saam geneem en steeds die beste van dit gemaak.

Sy het deur die jare reeds 16 eerste plekke en 12 tweede plekke verower. Kayla het reeds 23 toekennings ontvang en vele trofees. "Modelwerk gaan nie net oor mooi aantrek en loop voor baie mense nie, dit gaan oor om uit te reik na die gemeenskap en betrokkenheid," het sy gesê.

Kayla beskryf die oomblik op die verhoor as asemrowend.

Volgens haar ma, me. Lorraine Jorge, het sy haar altyd geleer

dat dit op daardie oomblik net oor haarself en die beoordelaars gaan.

"Ek voel regtig soos 'n prinses vir daardie paar minute."

Die beste eienskap van 'n model volgens Kayla moet wees dat sy nie dink sy is beter as ander nie, sy moet plat op die aarde wees. Modelwerk is mededingend, maar dit moet net oor jousef en die beoordelaars gaan en nie oor die ander deelnemers nie.

Haar eerste groot modelkompetisie was in Witbank waar sy as Miss Greater Witbank aangewys is.

Vir Kayla was die grootste uitdaging vir haar om voor baie mense te praat, maar met tyd het sy verbeter. In 'n onderhoud met die *Ridge Times* het sy gesê dat modelwerk gemeenskapswerk, oefening, onderhoude en voorbereiding vereis.

"'n Model moet nederig, positief, gemotiveerd en vriendelik wees."

Kayla het verder gesê dat dit nie vir haar gaan oor wen of verloor nie, maar omdat dit vir haar lekker is - dit is haar passie.

Voor 'n kompetisie praat sy met niemand anders as haar pa om haar kalm te hou nie.

"Hy ondersteun my baie en hulle noem hom selfs die model-daddy." Rolene Strauss, voormalige Mej. Suid-Afrika en Mej. Wêreld, inspireer haar omdat sy van binne en buite mooi is en sy is hardwerkend.

"Rolene het goeie menseverhoudings en sy gee nie voor nie."

Hoewel dit 'n duur stokperdjie is, is daar baie mense in haar lewe wat haar ondersteun en haar help om verder met modelwerk te gaan. Kayla woon op Kriel en is die hoofdogter van Laerskool H.M. Swart op Bethal.

Sy doen akademies goed op skool en blink uit in atletiek.

"Ek hardloop graag langafstande, doen hoogspring en landloop," het sy gesê.

Sy oefen weekliks op Dinsdae by Andries du Preez se modelskool, Mokka Models International.

"Ek het wonderlike ouers en 'n boetie, wie my met alles ondersteun en help.

My ouma, me. Lola la Grange, is vir die meeste van my uitruisings verantwoordelik.

"Haar lewensmotto is 'Always be honest and fair.'"

Kayla is tans besig met gemeenskapswerk wat haar titel, Miss Junior Nkangala International Village, vereis. "Ek doen gemeenskapswerk al is daar nie 'n titel betrokke nie."

Me. Jorge het gesê dat Kayla ook by funksies baat.

Mense wat geld wil bydra, kan dit na Capitec, rekeningnommer 1397097475 inbetaal en KL Jorge as verwysing gebruik.

Om haar vir 'n funksie te bespreek, skakel haar ma by 060 794 6288.

Kayla Jorge het die gemeenskap se hulp nodig om een van haar drome te vervul.

Word tuis versorg

BETHAL - Residentia Palm-Oord Tehuis het onlangs met tuisversorging op die dorp begin.

Tuisversorging is die versorging van iemand wat siek, verswak en/of bejaard is in die veiligheid en gemak van sy eie huis deur professionele versorgers.

Die doel is om die pasiënt se gesondheid te herstel, bevorder en te

onderhou.

Dit verskaf aan 'n reeds siek en verswakte pasiënt die nodige gemak en gerief om te herstel in 'n omgewing waar hulle veilig voel.

Dit verskaf vir die pasiënt se geliefdes gemoedsrus oor die versorging en vir sommige van die pasiënte is hulle versorger hul enigste bron van geselskap en omgee.

Gereelde tuisversorging dra by om mense se gesondheid optimaal te hou

“As jou bloeddruk, bloedglukose en wondsgereeld aandag ontvang, verseker dit lewensgehalte,” het me. Marthie van der Walt gesê.

Hulle omvattende diens bied toegang tot hulle multi-dissiplinêre span vir bystand met versorging-, skoonmaak- en instandhoudingsdienste.

Hulle bied ook smaaklike en gebalanseerde maaltye aan.

Dienste wat hulle aanbied is:

* Monitering van bloeddruk, bloedglukose en cholesterol.

* Voetsorg

* Katetersorg

* Stomasorg

* Paliatiewe sorg

* Inspuitings

* Verwydering van steke

* Bedwasse

* Bediening van etes

* Skoonmaakdienste

* Hulp met inkopies

* Tuindienste

“Tuisversorging is goedkoper as om in die tehuis te bly en boonop is mense in hulle eie gemaksones.”

Vir meer inligting, skakel me. Van der Walt of mnr. Braam Bouwer by 017 647 2593.

Mnr. Drikus Pretorius saam met me. Marthie van der Walt. Mnr. Pretorius ontvang tuisversorging.

Lede het gesellig saam gekuier tydens die pannekoekbak.

VLU-vroue bak pannekoek

BETHAL - Me. Annemien Mattheus, gehoorkundige, het VLU-vroue tydens hul maandelikse vergadering in Bethal Biblioteek se auditorium, toegespeek.

Volgens vroue was dit die hoogtepunt van die jaar en hulle het baie geleer.

Me. Mattheus het oor gehoorverlies gepraat en gesê dat dit belangrik is om dadelik met jou dokter te gesels indien jy 'n gehoorprobleem het.

“As jy die radio of die televisie begin harder stel, moet jy weet dat daar moontlik fout kan wees.” Sy besoek Bethal twee keer 'n week en praktiseer op Secunda. Verder het me. Wilna Redelinghuys lede meer oor die kongres wat onlangs op Hazy View gehou is, vertel. “Ek het so baie nuwe vroue leer ken

en baie geleer.” Meer as 300 vroue het die kongres bygewoon waartydens nuwe sake bespreek is en 'n nuwe bestuur-skomitee gekies is.

Die wenke vir die dag was dat droë teesakkies in skoene en klam teesakkies in 'n yskas slegte reuke verwyder.

Drie druppels gliserien op 'n bril kan die lens laat blink en plaas brokkoli en blomkool in 'n bak water in die yskas om dit langer vars te hou. Vroue is ook ingelig van die piekniekdag wat op 22 Oktober in Devon plaasvind.

Die tak se lede het ook op Vrydag, 18 September pannekoek gebak en verkoop om geld vir die tak in te samel.

Bethal-tak se vroue vergader weer op 20 Oktober.

Hercules wins

eMBALENHLE - Mr Hercules Kgaphola won the first round of the Pitch and Polish Competition that was held in Middelburg on Saturday, 29 August.

The 28-years-old walked away with R6 000 for his successful pitch of patenting Fingermate. His innovation changed the face of everyday shopping which goes with the slogan *Bambezela sizofika ekhaya* (hold on, we will arrive home).

“I worked hard and had to raise funds to bring this idea to life,” said Mr Kgaphola who will be going to the next round of the competition. During Pitch and Polish, competitors are given the opportunity to pitch their businesses to the workshop attendees and a panel of expert judges decide whether or not they would invest in their businesses. One contestant is selected from each town to move to the second round. Fingermate came first during the start up weekend for entrepreneurs that was held in Tshwane in November last year in collaboration with the Innovation Hub and the South African Black Entrepreneurs Forum Tshwane Youth Business.

Mr Hercules Kgaphola holds his patented Fingermate for which he won R6 000 during the Pitch and Polish Competition.

Osizweni gets new chairman

SECUNDA - The Osizweni Education and Development Centre held its annual general meeting on Tuesday, 15 September at the Secunda Sasol Club.

Mr Nzama Baloyi, new board chairman of the centre, said he and his team are ready to achieve many more successes as they continue to raise the standard of delivery.

He said he is very proud that Osizweni Education and Development Centre delivered above and beyond its mandate during this past financial year.

"I am confident that together as a solid team, we will be able to refocus our efforts and work towards more tangible mathematics and science results in the financial year 2016.

"I also would like to congratulate the Osizweni team for their involvement and key roles played in a very successful 2015 Sasol Techno X career exhibition.

"It was the first year that Techno X was hosted in Mpumalanga in combination with National Science Week, and it attracted more than 22 000 pupils and teachers.

"The mandate of Osizweni is to make a difference in the lives of our local young community members through various educational programmes and interventions.

"For many pupils and teachers we are the place where help is found as our name suggests."

Mr Velaphi Gumbi, Osizweni Education and Development Centre general manager, said he is blessed for being the manager of such a progressive institution.

He said Osizweni Education and Development Centre has a long standing history of serving the school going communities of the Gert Sibande region in mathematics and science support.

"We will continue to work tirelessly with Sasol, the industry and the Departments of Basic Education and Science and Technology to improve the results of pupils through educator training, community volunteerism in the professional space and classroom interventions.

Ms Angela Stratford, marketing and practitioner of Osizweni Education and Development Centre, said the centre has evolved to become the province's premier mathematics and science centre of excellence.

"Osizweni has adopted a multi-pronged approach that targets teachers, pupils, university students, early childhood development phase pupils, and the general public.

"Pupils' interventions remain our primary focus.

"Through the use of stimulant aides such as computer programmes and our model science labs, we are able to host school groups and develop in pupils a practical understanding of science in action.

"To this end, we also use mobile laboratories, which are equipped with state-of-the-art science apparatus to travel to schools to conduct science shows and prescribed experiments.

"Project A, targeting pupils from Grade 10 to 12, supports top pupils with mathematics and science

support through workshops, industry visits and science camps.

"The Grade 8-12 pupils are assisted with homework support through the aftercare programme, while our early childhood development programme uses an educational toy library facility to tutor parents and caregivers on the use of educational toys to maximise learning experiences."

She said the centre aims at improving in the next coming financial year.

Sanette wil 'n verskil maak

BETHAL - Me. Sanette Henning het 'n groot skryftalent, maar sedert sy as voorsitter van Helpende Hand se Bethal-tak aangewys is, moes sy haar talent eenkant toe skuif.

Sy het haar skryftalent op skool ontdek toe sy 'n kortverhaal moes skryf.

"Ek skryf oor daaglikse dinge wat met mense gebeur, dit wat in die siel en in die hart aangaan."

Sy het gesê dat sy op haar beste skryf as sy die dag af voel, dan rol die woorde op haar skootrekenaar.

Van haar kortverhale het al in bekende tydskrifte onder skuilname verskyn. Een van haar drome is om 'n boek waarmee sy al 'n geruime tyd besig is, klaar te skryf en miskien eendag ook 'n boek oor behoeftige mense se lief en leed te skryf.

Sy is ook besig met 'n resepteboek, maar volgens haar is alles nou vir eers gehalt. Een van die ander belangrike dele in haar lewe is om na minderbevoorregtes uit te reik. Me. Henning wil 'n verskil maak, veral in behoeftige bejaardes en kinders se lewens.

"Dit is die mense wat in die stilte ly."

Helpende Hand se Bethal-tak is verlede jaar gestig.

Na die stigting van die tak het dit met tyd al hoe harder tot haar deurgedring hoe groot armoede werklik op die dorp is.

Sy het tot die slotsom gekom om te maak of dit nie werklik so 'n groot probleem is nie, help nie en sy en haar span het saamgestaan om 'n verskil te maak. "Ek het Helpende Hand gekies omdat ek of net 'n paar van ons nie werklik 'n groot verskil kan maak nie, maar met die ondersteuning van die organisasie is dit haalbaar," het sy gesê. Solidariteit Helpende Hand se doel is om armoede te verlig, te verbreek en te voorkom.

Vir haar is die moeilikste deel in die werk om na ander uit te reik wat nie op dieselfde lewenstandaard is nie, want om vertrou te wen en elke geval se agtergrond vas te stel is nie maklik nie. Sodra sy dit vermag het, kan sy en die ander lede 'n plan van aksie kry oor hoe om by mense te staan.

Om te sien hoe min sorg kinders kry of oor hoe mense met min oorleef, is hartseer.

"Behoeftige kinders ken nie van 'n tandeborsel en melk oor hul pap nie."

Die duurste les wat me. Henning geleer het, is dat mense nie sleg is as hulle behoeftig is nie, want soms het die noodlot van omstandighede teen 'n gesin gedraai en gemaak dat hulle alles verloor. "Solank hulle trots behou, is daar hoop," het me. Henning gesê.

Om behoeftiges op te hef, is 'n uitdagende wat geen geval is eenders nie.

Die lekkerste deel van haar werk is om te sien hoe gesinne weer selfstandig word, hoe 'n kind se gesig verhelder oor 'n bord gekookte kos.

Behoeftige bejaardes waardeer baie keer meer die gekuier as die bord kos. Volgens haar gee dit haar moed om aan te hou met dit wat sy doen.

Sy het ook gesê dat sy nie die gevoel kan beskryf wanneer sy sien hoe dankbaar mense is vir die bietjie wat hulle kry nie. Me. Henning het na haar aftrede gesien hoe gejaagd 'n mens se lewe is wanneer jy werk.

"Daar is nie tyd om te sien wie loop dorp toe nie, wie het nie kos nie, wie het nie klere nie," het sy gesê.

Sy het ook gesê dat sy die meeste van die tyd probeer om weg te kyk omdat sy nie betrokke wou raak nie.

"Drastiese lewenservarings het my laat terugdraai en laat maak om met behoeftiges hande te vat en die pad van hoop saam met hulle te stap."

Bejaardes het haar nog altyd na aan die hart gelê en op so 'n manier het sy meer mense met behoeftes gesien.

Sy het ook gesê dat Helpende Hand nie mense met net hul basiese behoeftes wil help nie, maar fokus meer om hul omstandige te verander sodat die

armoedesiklus verbreek kan word.

As takvoorsitter moet sy leiding vir die bestuurspan bied, geld genereer, behoeftes identifiseer, projekte finaliseer en diens aan die gemeenskap lewer.

Haar visie vir die tak is om armoede op die dorp te verkom.

Bethal-tak se bestuur bestaan uit 'n handjievul vrywilligers en die tak het nodig om uit te brei, want hoe meer lede op die bestuur en vrywilligers en ondersteuners, hoe meer gesinne kan gehelp word. "Die armoedesyfer styg jaarliks en afleggings vind plaas, so meer lede is nodig," het me. Henning gesê.

Me. Sanette Henning beplan om armoede op die dorp te verlig.

Sy beskryf haar jaar as voorsitter as uitdagend omdat dit moeilik in die begin was om die organisasie te vestig, maar met die bestuurspan en hul deursettingsvermoë het die tak reeds 'n verskil gemaak. Die tak het ook al met meer liefdadigheidsorganisasies hande geneem om saam te staan en die stryd teen armoede te wen en dit dra by tot suksesverhale.

Sy het tydens die onderhoud ook gesê dat haar werk ook baie moeilik was wees omdat 'n mens geneig is om emosioneel betrokke te raak.

"Ek sien nie altyd mooi dinge nie en dit is nie lekker om te sien hoe swaar mense kry nie, veral kinders en bejaardes. Dit laat my magtelos voel omdat daar nie genoeg hulpmiddele is om almal dadelik te help nie," het sy gesê.

Haar man, Martiens, ondersteun haar ongelukkig baie en hy bring kalmte oor haar in slegte tye as dinge te veel raak.

Volgens haar moet 'n voorsitter probleme oplos sonder dat dit haar oorheers en dit nie alleen probeer vermag nie, maar ander intrek vir hulp.

Me. Henning het ook gesê dat die Bethal-gemeenskap 'n groot bydrae tot die organisasie gemaak het en dat sy dankbaar is vir dit.

"Ek sou nie al vir meer as 'n jaar voorsitter gewees het sonder die bestuurspan se vertroue in my nie."

'No matter what, go for it' is presies hoe me. Henning lewe en dit is ook haar lewensmotto.

Sy nooi vroue om by die organisasie as vrywilligers aan te sluit en betrokke te raak en saam met die tak se span die boodskap van hoop uit te dra aan die minderbevoorregtes.

Vir meer inligting oor die werksaamhede van die organisasie, skakel haar by 082 300 4835.

SARS AND BUSINESS RESCUE (ONE OF THREE DELIVERIES)

Often, in Business Rescue matters audited financial statements are not available to support submitted returns to SARS and the internal accounting records are inadequate.

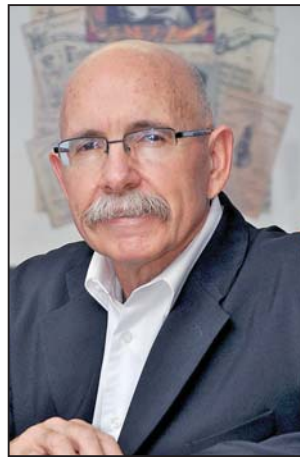

The timeframes for the compilation of the initial assessment of the business by the Business Rescue Practitioner (BRP) and the subsequent business rescue plan preclude an in-depth tax compliance review, detailed reconciliation of the various tax submissions to the accounting records and a comprehensive assessment of tax risk.

A high-level review of tax risk must be undertaken by the BRP prior to the compilation of the business rescue plan. The outcomes of the review must be included in the plan. The review should cover the tax due and the compliance with the provisions of the Tax Administration Act.

Business rescue provisions that result in the ability to treat SARS differently in rescue from how it would be treated in insolvency creates an opportunity to restructure the financial affairs of a business in a manner contrary to the legitimate interest of SARS in respect of agency taxes such as Vat and PAYE.

Schemes to restructure businesses in this manner may fall foul of the various anti-avoidance provisions contained in the Income Tax Act Number 28 of 1997 and the Tax Administration Act. The concern about this restructuring potential becomes especially relevant where a large write-off of debt by SARS is contemplated.

The BRP takes control of the company in business rescue and, as such, the BRP becomes the person in overall charge of the business and its administration. In terms of the Tax Administration Act the BRP becomes liable for the proper administration of the tax affairs of the business.

Braam van Rensburg

According to the Short Guide to the Tax Administration Act, 2011 (paragraph 10.2.4), the BRP then becomes a representative taxpayer.

It must be noted that the concept of a "public officer" no longer applies in the Companies Act. The term representative taxpayer is used instead.

Picardi REBEL LIQUORS

A men and boys campaign was held at the Raymond Mavuso Community Hall.

Men must break the silence

BETHAL - The Department of Correctional Services' official attended a men and boys campaign recently that was organised by the Department of Social Development at the Raymond Mavuso Community Hall.

The theme was Break the silence. Departments of health and members from the police were part of the pres-

entations in teaching the boys about problems that affect men.

Pupils from various primary and high schools, pastors and Shintsha Goluva (rehabilitated ex-offenders) also attended the campaign.

They talked about the negative effect of drug abuse in the form of music.

The aim was to let men break the silence and speak up.

"Talk about your issues."

They urged them to eliminate pride and seek advice and assistance when they have problems.

Officials and pupils were divided into groups where they had to do a presentation on a certain topic.

The topics discussed included stigma attached to the Department of Correctional Services, understanding the teenage life, faithful parenting and breaking the silence, male circumcision and the importance of education.

eMZINONI - Sasol in partnership with the South African Police Services and the Department of Social Services donated boxes of handbags filled with comfort items to victims of domestic abuse and sexual violence recently.

KINROSS - The Kinross SAPS women network handed out 100 sanitary towels, toothbrushes and facecloths to girls from Emdibini Combined School.

Make the sportiest choice

SECUNDA - "We see great potential in this vehicle segment, which is new to Mercedes-AMG - the GLE 63 S Coupé 4Matic is the logical progression of our ambitious growth strategy."

The GLE 450 AMG is a particularly sporty choice.

The V6 biturbo engine with an output of 270 kW and 520 Nm from 1400 r/min delivers performance akin to a sports car.

The Dynamic Select transmission mode Sport+ is always available in the top-of-the-range model.

The standard equipment here is upgraded with features such as special AMG bodystyling, which includes a specific front and rear apron, a rear spoiler lip painted in the vehicle colour and 53.3 cm (21-inch) AMG 5-twin-spoke light-alloy wheels with tyres of size 275/45 R 21 (front) and 315/40 R 21 (rear).

Optionally available here are 55.9 cm (22-inch) AMG 5-spoke light-alloy wheels – also with mixed-size tyres.

Excellent traction levels are guaranteed by the impressive tyres of size 285/40 R 22 (front) and 325/35 R 22 (rear).

The standard scope of equipment here includes the Airmatic package including air suspension and infinitely variable adaptive damping system (ADS Plus) with level control and automatic lowering function at higher speeds, which is optionally available for all models.

The GLE 350 d 4Matic diesel model develops 190 kW and offers maximum torque of 620 Nm from 1600 r/min.

The impressive presence of this diesel model is underlined by 50.8 cm (20-inch) 10-spoke light-alloy wheels with 275/50 R 20 tyres.

For those in search of something more sporty, 53.3 cm (21-inch) or 55.9 cm (22-inch) light-alloy wheels with mixed-size tyres can be ordered, although the latter are only available in conjunction with the Airmatic ADS Plus

air suspension.

The chrome-effect shoulder-line trim strips and the simulated under-guards at the front and rear lend the coupé additional exclusiveness alongside the twin-pipe exhaust system with chrome-plated tailpipe trim. Green-tinted, heat-insulating glass reduces the glare of the sun in the summer, and LED technology features in the headlamps,

daytime driving lights, rear lights and third brake light.

With the new GLE 63 S Coupé 4Matic, Mercedes-AMG introduces another exciting interpretation of a four-door coupé, this commanding SUV meets the highest of standards in terms of performance, design and comfort.

The powerful heart of the vehicle – the AMG 5.5-litre V8 biturbo engine – beats even faster in the new Mercedes-AMG GLE 63 S Coupé 4MATIC: a highly sporty S Model generating 430 kW of power and 760 Nm of torque.

The perfect prerequisites for a highly dynamic on-road driving experience come courtesy of the suspension, which has been systematically designed for a sporty performance.

The high-performance SUV coupé comes with the AMG Ride Control sports suspension with active roll stabilisation Active Curve System and the Sports Direct-Steer system. The 4Matic all-wheel drive with rear-biased power distribution and the Dynamic Select transmission modes promise to deliver what distinguishes every AMG vehicle: driving performance.

The new GLE 63 S Coupé 4Matic will inspire SUV fans focused on dynamics while at the same time representing a new interpretation of driving performance," says Florian Seidler, Co-CEO Mercedes-Benz South Africa and Executive Director, Mercedes-Benz Cars."

Marli wil nog baie dansdrome bereik

BETHAL - Met 'n slap rug soos Marli Kidson s'n, kan akrobatese danse vir enige iemand maklik lyk.

Dié danser van Hoërskool Hoogenhout dans al van Gr.0 af.

Sy het in 2002 by Lorraine De Vos se Dansskool aangesluit en dans tot vandag toe nog by die dansskool.

Marli kom haar eksamens met onderskeidings deur en word jaarliks na die AFSA Beurse Akrobatese kompetisie genooi.

Sy neem ook jaarliks aan die provinsiale kampioenskap deel waar sy altyd goed presteer en na die interprovinsiale kampioenskap deurdring.

In 2012 het sy vir haar solodans 'n tweede plek by die Provinsiale Kampioenskap behaal en in 2015 'n eerste plek.

Sy het ook die hoogste seniorvlak punte in Mpumalanga gehad.

Verder dans sy ook by die Lochali Kunswedstryd wat deur me. De Vos georganiseer word.

By vanjaar se nasionale akrobatese kampioenskap in Pretoria, het sy met dansers van sewe ander provinsies gekompeteer.

Sy het in haar elite-seksie vir 16 jaar 'n vierde plek behaal.

"My ma, Michelle, het my aan akrobate blootgestel en sy het in haar tyd aan gimnastiek deelgeneem."

Balansering is vir Marli die grootste uitdaging omdat haar rug so slap is, wat daartoe lei dat balans vir haar moeilik is.

Akrobatese danse verg harde werk en oefening het sy gesê. "Jy moet 'n passie vir dit hê en jouself in elke dans uitleef."

Opwarming is baie belangrik omdat 'n danser baie seer kan kry as sy nie opgewarm het nie.

Akrobatese danse gaan oor spanwerk, vertroue en uithouvermoë.

"Ek dink dit is goed as dans kompetender is want dan kan ek myself verbeter en my selfbeeld versterk.

"Aan die ander kant kompeteer ek baie met een van my vriendinne en dit maak dinge soms tydsgewys ingewikkeld," het sy gesê.

Me. De Vos inspireer dié danser omdat sy haar as 'n moederlike figuur sien en omdat sy altyd hulp aanbied.

Sy wil regtig die beste vir haar dansers hê en sy is moedig dansers altyd aan.

Volgens Marli moet akrobate

vertroue in mekaar hê en somtyds ander dansers se belange eerste stel.

"Hier by die dansskool bou ons nuwe vriendskappe."

Haar doelwitte is om haar eie dansskool eendag oop te maak en saam met dié fotografie te studeer sodat sy altwee die dinge waarvan sy hou, kan doen.

Sy wil ook die hoogste vlak in akrobatese danse bereik en haar danstalent met ander deel.

Sy is op 30 Oktober 1997 in Rustenburg gebore en het haar laerskoolloopbaan by Laerskool Marietjie van Niekerk voltooi.

Op hoërskool neem sy aan Hoogies got Talent deel, speel hokkie en doen atletiek.

In haar vrye tyd ry sy perd, vang vis en skiet langafstand.

Haar ma inspireer haar omdat sy altyd die beste vir Marli wil hê en maak nie saak wat gebeur nie, sy sal haar altyd bystaan.

"Sy is 'n voorbeeld vir my en sy respekteer my besluite."

Haar raad vir jong mense is om altyd na ander te luister en om altyd jouself te wees.

"Wees eerlik en opreg en jy sal baie hoogtes bereik," het Marli gesê.

Marli Kidson is bekend vir haar slap rug.

Vir Marli Kidson is opwarming baie belangrik voor 'n kompetisie.

BETHAL - Adriaan Hamman van Hoërskool Hoogenhout het onlangs die Mpumalanga S0/19 Quadsgholfspan verteenwoordig. Die span het by Huddelpark in Centurion gespeel.

EVANDER - Lukas Potgieter (Walker Park Golf Club President) took part in the Hervormde Kerk golf day.

Engeland wink vir Angelique

Angelique Viljoen is deur die IFBB genooi om in Liverpool te gaan deelneem.

SECUNDA - Angelique Viljoen (32) het as 'n beginner in een jaar meer bereik as baie ander gesoute atlete.

Sy het 23 weke gelede begin voorberei vir die International Federation of Bodybuilding and Fitness (IFBB) se Mpumalanga provinsiale kompetisie in April, min wetend dat haar lewe drasties gaan verander.

Angelique het in Augustus 'n derde plek behaal tydens die Mpumalanga provinsiale "fitness bikini"-kompetisie.

Na dié kompetisie is sy gekies om Mpumalanga te verteenwoordig tydens die IFBB Suid-Afrikaanse Nasionale Kampioenskap op 6 September.

Die wêreld van liggaamsbou was onbekend vir haar en dit wat sy nou al bereik het, is 'n groot prestasie omdat sy 'n beginner is en hierdie haar eerste jaar os wat sy kompeteer.

Haar afrigter, Sam Kruger van Raw Supplements and Gym, sowel as haar man het haar gemotiveer om wel deel te neem en nie net te oefen om beter te lyk nie.

Tydens die Suid-Afrikaanse Kampioenskap was die beoordelaarspaneel internasionaal, wat beteken dat die standaard baie hoog was.

Angelique het tydens dié kompetisie 'n derde plek behaal.

Mnr. Wayne Price, president van die Suid-Afrikaanse IFBB Assosiasie, het Angelique genooi om Suid-Afrika te verteenwoordig tydens die Amateur Olympia in Liverpool in die Verenigde Koninkryk.

Dié geleentheid vind vanaf 30 Oktober tot 2 November plaas.

Angelique gaan ook aan die Arnold Classics, Suid-Afrika deelneem in 2016.

Sy beplan 'n fondsinsamelingsprojek om haar koste te dek vir die Amateur Olympia in Liverpool en het daaraan gedink om 'n motorfiets uitruidag te reël.

Enige motorfietsklub, onderneming of mense wat belangstel om Angelique te ondersteun, kan haar kontak by angelique.viljoen83@gmail.com

Angelique Viljoen sien daarna uit om Suid-Afrika te verteenwoordig in Liverpool.
