CYCLING ADVENTURES

Welcome

to the Intrepid way of travel

Like for many of you, travel means more to me than just a holiday. It's introduced me to some wonderful people, taken me around the world and saved me from a finance job I didn't enjoy.

Travel is more than just the where. It's also about the how. That's why our commitment to responsible travel is so important to me. I like coming to work every day knowing that I'm doing my bit to deliver the best travel experience ever for our customers, and at the same time our business is giving back to the places we visit and the locals we meet along the way.

We're now the world's largest provider of adventure travel experiences, and that means it's our responsibility to be a leader in sustainable tourism. We're always looking for ways to improve, from carbon-offsetting our trips and putting a stop to elephant rides to recycling around the office.

This year I got to spend some time in Galle, Sri Lanka. I loved the food, the fresh seafood and spices, and I'll always remember that game of cricket with the locals in the fort. In 2017 we'll be adding a little zing to our classic Asia itineraries. There's the new Yoga and Bollywood-themed adventure in the Golden Triangle and a very special Mongolian Naadam Festival trip, complete with hands-on training in wrestling and archery. Personally, I'm excited by the ground we're breaking in a few old favourites, like Vietnam: visiting remote communities in the picturesque Dalat Highlands. Turn to page 29 for that one.

Enjoy this brochure. I hope it sparks a flash of inspiration or maybe stokes a little Asia wanderlust.

Real life experiences

Sure, the highlights still take our breath away, but travel should be more than just ticking boxes. We think the real magic happens off the beaten track: joining a family for dinner in Thailand or bonding with locals on a train in India. Because it's those real life travel experiences – the most spontaneous and simple of moments – that stay with you long after you've returned home.

Eat, stay and live local

We design our trips from the ground up, which means using an experienced local leader, local transport and – wherever possible – small, locally run accommodation. Many of our trips include a night or two in a homestay, be it a family-run guesthouse in China or a community lodge in Myanmar. The best bit? You're getting an authentic experience while also contributing to the local economy.

Just the right balance

The best small group adventures strike the perfect balance between included activities and 'you time'. So while there's always an itinerary in place, we like to keep things flexible by giving you plenty of free time to explore on your own. After all, this is your adventure!

Travel made easy

We'll deal with the logistics of travel – organising itineraries, transport and accommodation – so you can focus on the fun stuff. Why spend hours agonising over every detail of your trip when you can leave it to the experts?

Small groups...

An average group size of 10

We take small-group travel literally. Numbers will vary depending on where and how you're travelling, but the average size of a tour is about ten people. We've found this is the perfect number to make new friends, without feeling like just another face in the crowd.

Fewer people means greater mobility

While larger tour groups are confined to big tourist sights and even bigger hotels, we're able to get around quickly and easily. Which means greater access to family homes, backstreet bazaars and truly local experiences.

...with local leaders

We realised early on that the best folks to show you the heart of a destination are, funnily enough, the ones that live there.

These are our leaders: travel experts and friendly locals who know their countries better than anyone. Whether it's helping you order off the menu in Hanoi or introducing you to the best masala in Madurai, they're enthusiastic purveyors of grassroots experiences and your connection to the local community. Want to meet them?

Kuldeep Pujari, India

"Kuldeep is amazing and so generous! I was impressed with how calm and organised he was in the face of buzzing India and zillions of questions coming at him."

~ Marj Kleinman, North India Highlights

Guowen Jiang (Jay), China

"Best tour guide in the world, literally. Anyone would be lucky to have Jay as a leader."

~ Araixa Ruiz, North China Getaway

Responsible travel

BEING A RESPONSIBLE BUSINESS

Being a responsible business is ingrained in who we are and what we do. As part of our commitment to the United Nations Global Compact (www.unglobalcompact.org), we report every year on our pledge to tackle global sustainability issues like climate change, labour standards, human rights and corruption. INTREPID AND CARBON EMISSIONS

When you travel with us, you can relax in the knowledge that the main carbon emissions your trip generates have been offset. We offset our emissions each year by investing in highly accredited renewable energy projects. In Asia, we're investing in a program that provides energy-efficient cook stoves and water filters to households in Cambodia. These prevent deforestation by reducing the volume of household firewood required. Our global offices have been carbon neutral since 2010.

ELEPHANT WELFARE

Since 2014, our trips in Asia (and globally) no longer include elephant rides. This decision was the result of a research initiative with World Animal Protection, which determined that elephants used for rides and entertainment are often kept under inadequate conditions. We hope this move will spread awareness of the harmful impact elephant rides can have and put a spotlight on animal welfare issues in entertainment venues across Asia and globally.

THE INTREPID FOUNDATION

The Intrepid Foundation was created in 2002 with a simple mission: empower travellers to give back and positively impact the local communities they visit. We do this by investing in innovative grassroots projects that contribute to advancing the planet, people, peace and prosperity. In 14 years we've raised over \$4.7 million for more than 75 different non-for-profit organisations in 25 countries. The Intrepid Group matches every donation from our travellers dollar for dollar* and covers all administration costs, effectively doubling your donation!

HOW TO DONATE

You can donate to The Intrepid Foundation anytime: through your travel agent or Intrepid specialist, on The Intrepid Foundation homepage or during the online booking process. Learn more at theintrepidfoundation.org

Sailing

Our Asian sailing trips follow a simple recipe. Start with a generous scoop of aquamarine water and secret strips of golden sand (remember to remove all traces of tourist crowds). Throw in a handful of rare corals and tropical fish, then leave to simmer while you work on that tan. Slow it right down with a guided trek to some jungle-covered ruins and serve with a sizzling stir-fry courtesy of your on-board chef. Want to try the recipe for yourself? We've got just the sailing tour for you...

Sail to Bo Cho Island and get a taste of island life with a visit to a Moken village, learning the history and customs of this nomadic tribe from a village elder (pg 64).

Thailand might be famous for its white sandy beaches and clear waters but neighbouring Myanmar is equally spectacular. See it for yourself on a Myanmar sailing adventure (pg 63).

Turn things up with an adventurous kayaking expedition, snorkelling safari or jungle trek, or simply kick back on deck with a book and soak up the good vibes. The choice is yours on our flexible itineraries.

Myanmar Sailing Experience

9 DAYS, PHUKET TO PHUKET

Explore unspoilt paradises and remote locations that are yet to be discovered by mainstream tourism.

Anchor in the calm waters surrounding Palu Bada, where you can kayak, paddle board and snorkel among stunning marine life.

Embrace the special experience of interacting with the nomadic seafaring community of the Moken.

Day 1 Phuket Arrive in Phuket, arguably Thailand's best known island, and certainly its largest. Before setting sail for Myanmar, explore Phuket at your leisure, perhaps with an afternoon beach stroll or a meal or drink at one of the island's enormous array of restaurants and bars. **Day 2 Thay Yae Island** Transfer to Ranong to board your home for the next week: a superior 46-foot catamaran. Sail through clear turquoise waters to the long stretch of pristine beach at Thay Yae Island. Kayak, snorkel, swim or simply relax in the sun on the powder-soft sand. **Day 3 Palu Bada** Sail north towards Palu Bada, a group of islands with incredible snorkelling opportunities. After an underwater adventure, take a trek through the jungle. **Day 4 Lampi Island** Head ashore for a taste of village life in Ma Kyone Galet. Meet a local community of Moken, once seafaring nomads who were forced

ashore by the Burmese military in the 1990s. **Day 5 Shark Island** After breakfast, journey to Shark Island and go snorkelling, paddling, or just splash about in the crystal clear, coral-rich waters. Enjoy lunch before heading south to Pony Island to anchor overnight. **Day 6 Swinton Island** Cruise to Swinton Island and arguably the most beautiful beach in the archipelago (which is really saying something, considering the competition!). Snorkel, swim, swap travel stories and end the day with a bonfire on the beach, dining on freshly caught fish. **Day 7 Myauk Ni Island** Look out for the large fruit bats and abundant birdlife that call this island's trees home. **Day 8 Ranong** Start early to watch the sunrise, then farewell your skipper and return to Ranong in a longtail boat, then back to Phuket via private van. **Day 9 Phuket** This Myanmar sailing adventure ends this morning.

Myanmar Sailing Adventure

9 DAYS, PHUKET TO PHUKET

Disconnect from the modern digital world and find a different kind of buzz on an incredibly relaxing journey through the islands of Myanmar.

Sit back and soak up some of the best beaches in the world. Enjoy a BBQ on a secluded stretch of sand with fish caught fresh that day.

Day 1 Phuket Before making the journey into peaceful Myanmar, spend an evening in the hectic hub of Phuket.

Day 2 Ranong/Thay Yae Island Set sail for the first island on this tour of the Mergui Archipelago – as many of the 800 islands here are deserted and still yet to be thoroughly explored. **Days 3-7 Mergui Archipelago** The next five days are full of great snorkelling, lazy sailing, stretching out on untouched, white-sand beaches, and gentle exploration of the islands. The marine life isn't used to many visitors, so be prepared to look for moray eels poking their head out of the coral and to pass flurries of large fish schools while swimming in the clear-blue waters of the region. Sailing with us in Myanmar is also special as you'll be some of the few people on earth to spend time with the Moken – a nomadic tribe who live their lives roaming the sea. **Days 8-9 Ranong/Phuket** Take a longtail boat back to Ranong and finish this sailing adventure on arrival in buzzing Phuket.

India & Nepal

Stitched together by the jagged seams of the Himalayas, India and Nepal have more in common than just this spectacular mountain range. They're also home to rich natural landscapes, bucolic villages and historical treasures. Be inspired by the fusion of old and new in colourful India, listen to rainbow flags flapping in the wind outside Everest base camp, and meet the stoic people of Kathmandu. From the steamy jungles of India, to the golden pagodas of Nepal, this region will leave you stirred.

Can't decide whether to trek the Annapurnas or Everest Base Camp? Why not do both (with a well-earned break in between) on our combined trekking adventure (page 81).

Despite the devastating earthquakes that shook Nepal in 2015, the Nepalese people are just as resilient and welcoming as ever. See for yourself on our Classic Nepal tour (page 83).

Encounter life and death on the banks of the Ganges in Varanasi, where holy men cleanse their souls and the deceased are given a fiery send-off. Confronting, emotional and spiritual, this is travel at its most eye-opening (page 84).

China & Tibet

Embark on a journey into lands overflowing with ancient history, myth and legend... and, in China's case, modern wonders. In the world's most populous nation, ancient villages and temples stand alongside megacities defined by space-age skylines. In Tibet, centuries of isolation, both chosen and imposed, have manifested in a kingdom steeped in spirituality and mysticism. Known for its lonely peaks, Buddhist beliefs and welcoming people, Tibet is a place unlike any other.

Discover the mellow pace of southern China, exploring Xiamen and Yangshuo, trekking through the Longji Rice Terraces, meditating in Emei Shan and cruising down the Yangzi.

Few places are as intertwined with a faith as Tibet is with Buddhism. Tour Potala Palace, admire Mt Everest from Base Camp, and join pilgrims on their prayer wheel walks (page 97).

Be awed by the striped, candy-coloured mountains of the Zhangye Danxia Landform, meet Muslim Uyghur people in Turpan and explore a seriously remote segment of the Great Wall at Jiayuguan Pass on a 15-day Silk Road adventure (page 96).

Japan, Taiwan & North Korea

Up in the north east of Asia sit three very different countries. Behind the communist propaganda and Soviet architecture, North Korea is bursting with picturesque landscapes. Head further south and you'll see the mist-shrouded forests, soaring peaks and coastal cliffs of Taiwan, as well as the innumerable scenic vistas of Japan. These unique destinations, each with their own customs, culinary quirks and spiritual practices, belie their modest size and pack a serious punch for any traveller.

★ Japan's neon cities are a large part of its appeal, but perhaps see a different side of this diverse country with a Southern Japan exploration – art-filled Naoshima island is a wonder (page 108).

★ Taiwan is Asia's next big food destination, home to both street 'small eats' and Michelin-starred restaurants. Luckily there's also hiking and biking to work off those extra calories (page 110).

★ Travel is all about eye and mind opening experiences, and there are few more so than a trip to North Korea. Take the unique chance to uncover this mysterious country for yourself (page 111).

In Asia, cycling is much more than a pastime or excuse to wear lycra. From the buzzing backstreets of Hanoi to tropical Thai beaches, Bagan's pagoda-studded landscape to Sri Lanka's hill country, the humble bicycle is how millions in Asia get around. If you want to experience Asia at a local level, there's no better way. Be it wheeling alongside rickshaws in India or weaving between the Wats of Angkor, hitting Asia by bike opens the continent up like few ever see it.

With the Arabian Sea on one side and palm-shaded fishing villages on the other, coast along the coast to Alleppey for a night drifting through the Kerala backwaters (page 124).

Ride through idyllic village scenes and towering palm groves to Mount Popa's Taung Kalat Monastery, the revered home of Myanmar's 37 spirits (page 126).

Take a guided cycling tour of Anuradhapura, an ancient city once the centre of Theravada Buddhism and now a UNESCO World Heritage site (page 125).
